

# Inaugural Genau Charity Rally

*October 9th, 2021 - 8am*

Golden Gate Bridge North Tower to  
The Racers Group, Petaluma  
(75 miles, approximately 2.5 - 3 hour drive)

Together with Drive Toward A Cure, we are raising money for Parkinson's Research and Patient Care. All donations stay local and benefit the Parkinson's Disease Clinic and Research Center at UCSF

*Please use #genaurally on any social media posts  
so we can follow along!*

Huge thanks to our sponsors who make this rally possible!

There's something quite special about the bonds of enthusiasts, sharing what we proudly term 'Cars and Camaraderie™' -- and there's nothing better than realizing we can enjoy each other, some great roads, and the ability to help others along the way.

Thank you for your participation today and supporting Drive Toward a Cure™. Since 2016 we've been taking the road less traveled to benefit Parkinson's Disease research AND patient care. Our own 'Access to Care' fund has provided much needed dollars to various regional Parkinson's Centers of Excellence throughout the country and has been making a difference through education, nutrition, fitness and even providing travel funds to assist patients to partake in clinical trials.

Your involvement today will be staying local and benefiting the University of California San Francisco Parkinson's Disease Clinic and Research Center, and we couldn't be more appreciative.

We look forward to continuing our efforts and hope you'll stay connected with us as we continue to create more opportunities together.

With warmest regards,

Deb Pollack, Founder

## **GENAU AUTOWERKS COLLECTOR CAR BROKERAGE**

**We want to welcome you to the first of what we hope are many amazing rallies that benefit worthwhile charities, while giving us the opportunity to do what we all love, drive amazing cars on the best roads!**

Ingo started Genau AutoWerks three years ago to assist car collectors in finding the next homes for their beloved cars whilst also maximizing the return on their investment.

Selling a high-end collector car is much like selling a home, many of the tried and true real estate practices also apply to automobiles. Home sellers understand that using a broker, positioning their home by staging it, having inspections done and most importantly giving it the proper pictures and videos are critical to obtaining the highest sale from the most qualified buyers.

With desirable automobiles, your market is literally world-wide. Showing your car in it's best light with pictures, video and documentation as well as being completely transparent, allows people to have the confidence to pay top dollar for a car, often times without even seeing it.

*We would love to talk with you if you are looking to buy or sell a collector car!*
