

## Second Annual Genau Charity Rally

*October 22nd, 2022 - 8am*

Thomas Fogarty Winery to  
Canepa Motorsports

(Long & Short routes 3 - 3.5 hours)

Together with Drive Toward A Cure, we are raising money for Parkinson's Research and Patient Care. All donations stay local and benefit the Parkinson's Disease Clinic and Research Center at UCSF

*Please use #genaurally on any social media posts  
so we can all follow along!*

---

*Huge thanks to our sponsors who make this rally possible!*

There's something quite special about the bonds of enthusiasts, sharing what we proudly term 'Cars and Camaraderie'<sup>™</sup> -- and there's nothing better than realizing we can enjoy each other, some great roads, and the ability to help others along the way.

Thank you for your participation today and supporting Drive Toward a Cure<sup>™</sup>. Since 2016 we've been taking the road less traveled to benefit Parkinson's Disease research AND patient care. Our own 'Access to Care' fund has provided much needed dollars to various regional Parkinson's Centers of Excellence throughout the country and has been making a difference through education, nutrition, fitness and even providing travel funds to assist patients to partake in clinical trials.

Your involvement today will be staying local and benefiting the University of California San Francisco Parkinson's Disease Clinic and Research Center, and we couldn't be more appreciative.

***Last year, the Genau AutoWerks Charity Drive raised almost \$10,000 for the cause, this year it is on track to exceed that!***

We look forward to continuing our efforts and hope you'll stay connected with us as we continue to create more opportunities together.

With warmest regards,

Deb Pollack, Founder

## **THOMAS FOGARTY WINERY**

19501 Skyline Blvd, Woodside, CA 94062

*Parking both at the tasting area and beyond it.*

*Thomas Fogarty*

Established in 1981, **Thomas Fogarty Winery** focuses on growing Chardonnay, Pinot Noir, Nebbiolo and Cabernet Sauvignon. The founders, medical device inventor Dr. Thomas Fogarty and winemaker Michael Martella, knew that the rugged, steep terrain of the Santa Cruz Mountains, with its ocean influence, would be an ideal place to grow world class wines.

Today, after a career in automotive sports, including working with Ferrari, Lamborghini and a decade as a driving instructor at Laguna Seca, Tom Fogarty Jr. manages the family business with Nathan Kandler at the helm of growing and making the wines.

Nathan farms organically and relies on traditional skills in the cellar. Allowing native yeast fermentations and using a judicious selection of French oak barrels, he is able to capture the essence of these incredible vineyard sites.

## **GENAU AUTOWERKS COLLECTOR CAR BROKERAGE**

**Welcome to our second annual charity drive, partnering with Drive Toward a Cure to fight Parkinson's Disease. We can give back, while giving us the opportunity to do what we all love, drive amazing cars on the best roads!**

Ingo started Genau AutoWerks four years ago to assist car collectors in finding the next homes for their beloved cars, whilst also maximizing the return on their investment.

Selling a high-end collector car is much like selling a home, many of the tried and true real estate practices also apply to automobiles. Home sellers understand that using a broker, positioning their home by staging it, having inspections done and most importantly giving it the proper pictures and videos are critical to obtaining the highest sale from the most qualified buyers.

With desirable automobiles, your market is literally world-wide. Showing your car in it's best light with pictures, video and documentation as well as being completely transparent, allows people to have the confidence to pay top dollar for a car, often times without even seeing it.

***We would love to talk with you if you are looking to buy or sell a collector car!***
