THREE STICKS

There's something quite special about the bonds of enthusiasts, sharing what we proudly term 'Cars and Camaraderie™' -- and there's nothing better than realizing we can enjoy each other, some great roads, and the ability to help others along the way.

Thank you for your participation today and supporting Drive Toward a Cure™. Since 2016 we've been taking the road less traveled to benefit Parkinson's Disease research AND patient care. Our own 'Access to Care' fund has provided much needed dollars to various regional Parkinson's Centers of Excellence throughout the country and has been making a difference through education, nutrition, fitness and even providing travel funds to assist patients to partake in clinical trials.

Your involvement today will be staying local and benefiting the Stanford Movement Disorders Center, a Parkinson's Foundation Center of Excellence and Research Center.

The Genau AutoWerks Charity Rally has raised close to \$30,000 for the cause since it's inception!

We look forward to continuing our efforts and hope you'll stay connected with us as we continue to create more opportunities together.

With warmest regards,

Deb Pollack, Founder

At Three Sticks Wines, we produce extremely focused, 100% estate-grown, small-lot pinot noir and chardonnay of world-class quality. We take a heartfelt approach to viticulture and winemaking, believing in the power of wine to bring people together in fellowship around the table.

Three Sticks Wines is proudly 100% estate. This means we own, farm, and produce every grape that becomes every drop of our wines.

Three Sticks' commitment to stewardship of the land and people is reflected in its home, the Vallejo-Casteñada Adobe. The Adobe was originally built in 1842 by Salvador Vallejo, brother to General Mariano Vallejo, and has been lovingly restored as a Sonoma landmark.
